About This Game

M.A.C.S. is a fast paced top down shooter in a persistent, procedurally generated world. Drive around and avoid your enemies, find weapon power-ups to even the odds. Soon you can place your own power-ups in your persistent world for you to collect on future runs!

Key Features

Persistent, generated world

M.A.C.S. generates a random world unique to each user, but the same each time you enter it. Place power-ups and bonuses into the world for your future runs through the same areas.

Fully voiced storyline

Discover Max, Jeremiah and Benji as they lead you through the game, and uncover their story.

Upgrades

Collect coins in the game to purchase over 30 different upgrades, weapons and other boosts that will greatly improve your abilities throughout the game.

Enemies

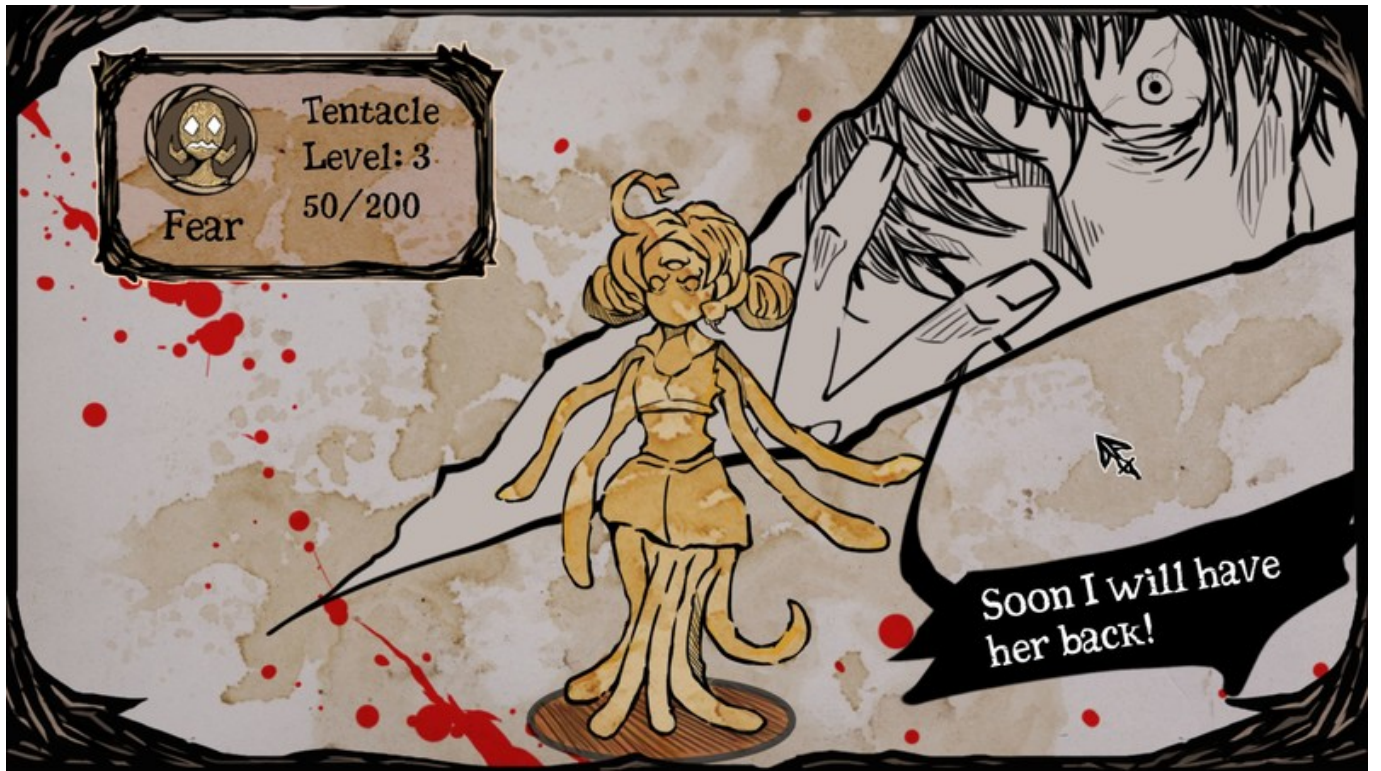

There are several different enemies in the game, each with a unique appearance and requiring a different strategy to defeat.
